May 7-8

5th Philadelphia City Championships

May 13-14

Jefferson Dad Vail Regatta

May 20-21

Schuylkill Navy Stotesbury Cup Regatta

MAIN STORY: LEGACY OF HINES

Hines Rowing Center was started from the dedication to rowing, and the empowerment of education in the sport. HRC is named and dedicated to the legacy of George Hines. Mr. Hines started lightweight rowing during the spring of 1945. He found his way on the water by...

HISTORY OF HINES (CON'T FROM PAGE 1)

(con't from page 1)...going out for rowing with LaSalle College High School, rowing out of Vesper Boat Club when John Kelly Sr, coaching the team, let George know at 130 pounds he wasn't making the cut. George headed to Malta Boat Club and has been a member for over 75 years.

After serving the Navy for a few years, George went to LaSalle College, and at 160 was finally at rowing weight. This was in 1952, where during his senior year at LaSalle College, there were only 9 guys; they only lost one regatta that year...(not the Dad Vail). George went to Law School, and then back to LaSalle College High School to coach. Where George led his boys to many Catholic League Championships, cinching second at Nationals in 1956, and winning Nationals in 1965. Once retired from college coaching, George Hines became Vice Chairman of the Dad Vail Association - the Organizing Committee of the race from 1973 to 1984.

George and Lois Trench - Hines met through the world of rowing, and together have been able to support the world of rowing through coaching, education, and creating a legacy through Hines Rowing Center.

Lois found the HRC campus we know today in 2001. After leasing the property for a few years, the decision to purchase the campus we know, and love today, in 2005.

Hines Rowing Center took over the property management of the campus, supporting Whitemarsh Boat Club Inc. to continue their efforts, and education in the rowing community.

WBC has truly set a wonderful footprint for rowing to continue to grow.

George and Lois Trench - Hines met through the world of rowing, and together have been able to support the world of rowing through coaching, education, and creating a legacy through Hines Rowing Center.

SHARED STORIES **"GAME OF ITCHES"**

from Academy of Notre Dame - M.Tucker

It's hard to describe the bite rowing has.

*Not the track bites from tracks that
are too small.*

*Not the stinging of your legs through your race,
smelling sound and hearing color.*

*It's a much smaller bite,
you could call it,
and itch.*

It's something you barely notice.

You scratch the itch, you feel relief, for the time being.

That is until, the itch comes back.

Think back to yourself as a novice rower.

Do you remember how it felt to connect and push the water with your oar?

*You felt the effect that you had on the connection,
didn't you want more?*

Like if you scratched it a little bit more, the itch would go away.

*Beyond the track bites, beyond the blinding 2ks,
somewhere behind the hours of ear bleeding EDM during the winter.*

*We search for more, another inch further,
like an itch
that just won't go away.*

UPDATES

1- PARKING

It is in the interest of everybody on Hines Rowing Center campus to drive safely, and follow the marked signs in the parking lot.

These signs were not, in fact, put there for fun. Please be safe.

2- OPERATING INDOOR BOAT LIFTS

ALL LIFTS ARE IN WORKING ORDER.

As of 5/12/22 all lifts are operational. All instructions must be read, and understood before operating all indoor lifts. The instructions are located on the lift itself. Members of each team are responsible for using the lifts safely, during and after use. Be sure to store lifts out of

3- COMMUNITY TRASH

13 teams share the HRC campus, please be mindful of trash, or general scraps that are able to be disposed.

4- VENDING MACHINE

The vending machine is located in between the Men's and Women's locker room access Cash, Credit, and Apple Pay. In case of an issue, please avoid banging on the machine .
